

CONSERVATION PARTNERS

WE NEED YOUR SUPPORT TO CONTINUE OUR WORK

We are appealing to our supporters to consider making a donation to Conservation Partners. For tax deductible donations, please donate through the Landcare [website](#), following the instructions outlined [here](#). Alternatively, you can donate directly to us [here](#).

Why you should consider donating to us:

- Our practical actions on Artemis have delivered SIGNIFICANT and MEASURABLE results for endangered Golden-shouldered Parrots:
 - This year, we found 18 nests, and these produced 2.8 fledgling parrots per nest.
 - This contrasts with 2023 (1.13 per nest) and 2022 (1.25 per nest).
 - In real terms, our actions helped 50 baby Golden-shouldered Parrots enter into the population. This is 8 more parrots added to the Artemis population than in

2022 and 2023 combined!

- How did we achieve this?
 - Predator management at nests, including electric barrier fencing and feral cat removal
 - Strategic meat ant control
 - Clearing invasive shrubs around active nests
 - Supplementary feeding

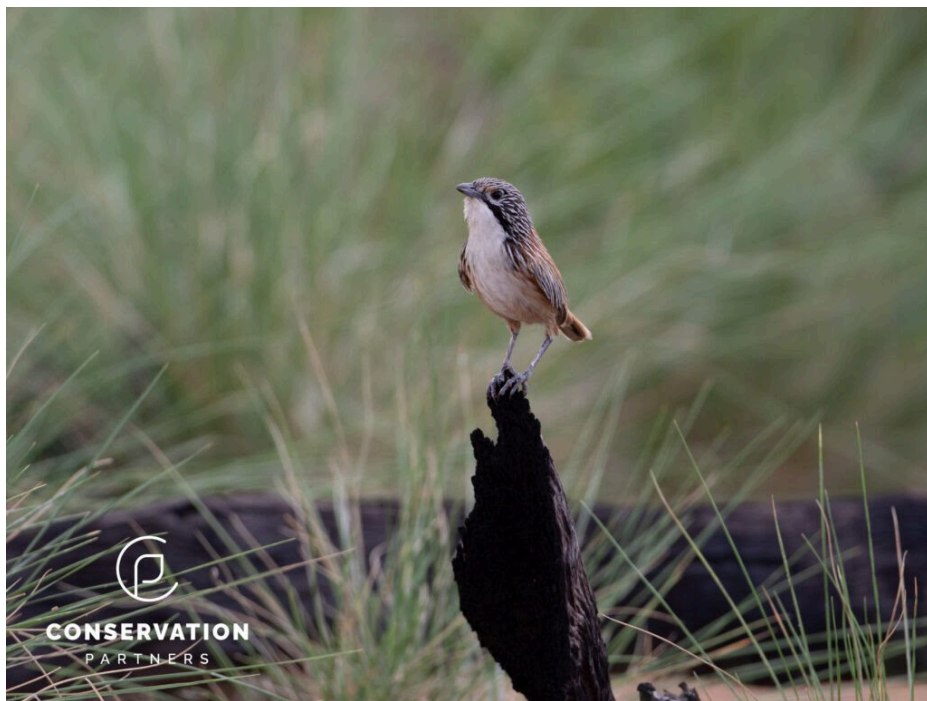

Just imagine what the parrot population on Artemis is going to look like if we can keep these actions going for a few more years! We can prove to you that your donation will make a measurable difference.

[DONATE TO SUPPORT OUR WORK](#)

And that's just on Artemis:

- At [Chidna Station](#), we are helping Brussie Spreadborough with managing fire and mining impacts to benefit endangered Carpentarian Grasswrens, Purple-necked Rock-wallabies and Gouldian Finches
- In south-western Queensland, we are working with 5 landholders to locate and protect [Night Parrots](#)

Conservation Partners focusses on working with landholders to improve ecosystems, rather than purchasing them for formal conservation reserves. We respect different land use values, and strive to find the common ground between those values to make a measurable difference to endangered species and general ecosystem health.

DONATE TO SUPPORT OUR WORK

Conservation Partners is a Registered Charity with the [Australian Charities and Not-for-Profit Commission](#). Our Deductible Gift Recipient Status is pending, but our relationship with Landcare Australia provides supporters with a way to support us and receive tax benefits.

Thanks for taking to time to read this update.
